

VOL. XXIII

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousand and little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there your lungs cannot half do their work. And what they do, they cannot do well. Call it cold, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. If every-thing else has failed us, you may depend upon this for certain.

Merit Will Tell.

Was never better demonstrated than when "Fryer's Abietine Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Abietine Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

The reason why Acker's Blood Elixir is warranted, is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purifies the whole system, and thoroughly builds up the constitution. Remember, we guarantee it.

W. PINNIGER, Druggist.

An Absolute Cure. The ORIGINAL ABETINE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of piles. Ask for the ORIGINAL ABETINE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 30 cents.

At Night Always have Acker's Baby Soother at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by

W. PINNIGER, Druggist.

The Only Perfect Remedy

For habitual constipation, dyspepsia and kindred ills, is the famous California liquid fruit remedy, Syrup of Figs. It strengthens as well as cleanses the system. It is easily taken and perfectly harmless. Large bottles for sale by Wm. Pinniger, Reno, Nevada.

Take it in Time. A man who presents an appearance of debility, whose countenance is anxious, and who is subject to spells of faintness, is liable to sudden attacks of heart disease. Let him take Dr. F. H. H. Heart Remedy before it is too late. At all druggists. Price 25 cents. At all druggists, or address J. J. Mack & Co., S. F.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at S. J. Hodgkinson & Co. drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all other lung diseases quickly cured. You can test it before buying by getting a trial bottle free large bottle \$1. Every bottle warranted.

A Natural Product of California.

It is only found in Butte county, California, and in no other part of the world. We refer to the tree that produces the healing and penetrating gum used in that pio man and effective cure for consumption, asthma, bronchitis and coughs, SANTA ABIE, the King of Consumption. Osburn & Shoemaker, who sell it for \$1.00 a bottle, or three for \$2.50. By the use of CALIFORNIA CAT-R-CURE, the symptoms of catarrh are dispelled, and the diseased nasal passages are speedily restored to a healthy condition. \$1.00 a package. By mail, \$1.10. Circulars free.

If you Would enjoy your dinner and are prevented by Dyspepsia, use Acker's Dyspepsia Tablets. They are a positive cure for Dyspepsia, Indigestion, Flatulency and Constipation. We guarantee them. 25 and 50 cents.

W. PINNIGER, Druggist.

Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any other ailment of the human system, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Habitual Pige is prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. Price 25 cents. At all druggists, J. J. Mack & Co., proprietors, S. F.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson & Co.

Don't Trifle with any Throat or Lung Disease.

If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.

W. PINNIGER, Druggist.

That Hacking Cough can be so quickly cured by Shiloh's Cure. We guarantee it. For sale by Osburn & Shoemaker.

ARE YOU MADE MISERABLE by Indigestion, Constipation, Bloating, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. Sold by Osburn & Shoemaker.

CROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. Sold by Osburn & Shoemaker.

SLEEPLESS NIGHTS made miserable by that terrible cough. Shiloh's Cure is the remedy for you. For sale by Osburn & Shoemaker.

SHILOH'S ITALIZER is what you need for Constipation, Loss of Appetite, Bloating and all symptoms of Dyspepsia. Price 10 and 25 cents per bottle. Sold by Osburn & Shoemaker.

[No. 1255.]

SUPREME COURT OF NEVADA.

W. A. Earles, et al., Respondents,

vs.

Thos. H. Gilham, Appellant.

(BY HAWLEY, J.)

A judgment was rendered in this action in favor of appellant, on the 24th of July, 1886, within the statutory time the earlier respondents served and filed what purported to be a statement on motion for a new trial.

There were no assignments or specifications of error stated therein. A respondent did not file any amendments thereto, and the time for filing such amendments expired on the 26th of August, 1886.

On the 21st of September, 1886, respondents moved the Court to amend the paper on file by adding thereto the specifications of error, which had, as claimed in an affidavit, been inadvertently omitted. The Court made an order permitting such an amendment to be made.

The Court has, by any authority to make this order? Was there any statement on file to be amended? Statements on motion for a new trial must be filed within the statutory time.

Clark v. Strouse, 11 Nev. 76; Harrison v. Lockwood, 14 Nev. 203; Golden Piece G. & S. M. Co. v. Cable Co. G. & S. M. Co., 15 Nev. 426; Elder v. Frevert, 18 Nev. 278; Robinson v. Ben-on, 19 Nev. 200.

The Court has, by any authority to make this order? Was there any statement on file to be amended? Statements on motion for a new trial must be filed within the statutory time.

Since the adoption of the statute this Court has uniformly and consistently held that if the statement does not contain the specifications it will be disregarded.

Corbett v. Job, 5 Nev. 201; Caldwell v. Greely, 5 Nev. 208; McWilliams v. Herschman, 5 Nev. 263; Meadows Valley M. Co. v. Dadds, 6 Nev. 331.

Clark v. Lyon Co., 8 Nev. 182; Sherman v. Shaw, 12 Nev. 148; Elder v. Shaw, 12 Nev. 51; Latham v. Hyman, 17 Nev. 201.

The conclusions arrived at were reached upon the ground that the specifications of error, by the clear language of the statute, are made an essential part of the statement on motion for a new trial, and that "no statement on motion for a new trial which does not contain a statement of the particular errors or grounds relied upon, because it was 'in no sense a statement'."

In McWilliams v. Herschman, the Court, in concluding upon the statutory requirements of a statement on motion for a new trial, said: "The statement, and no other, is the statement on which the Court is to act."

The Court has, by any authority to make this order? Was there any statement on file to be amended? Statements on motion for a new trial must be filed within the statutory time.

The order appealed from is hereby reversed and set aside.

HAWLEY, J. BELKNAP, J.

1st Court, Filed July 22, 1887.

[No. 1256.]

W. A. Earles, et al., Appellants,

vs.

Thos. H. Gilman, Respondent.

(BY HAWLEY, J.)

The order of the District Court allowing an amendment to appellant's motion for a new trial, having been reversed and set aside, upon an appeal taken therefrom by the defendant, Thos. H. Gilman, (Earles v. Gilman, ante) it follows, from that decision, that there is no statement on motion for a new trial on file, and that the Court is not bound by the statement on file, and as it is not claimed that there is any error in the judgment of the District Court, the Court of the District Court denying a new trial must be affirmed. It is so ordered.

HAWLEY, J. BELKNAP, J.

1st Court, Filed July 22, 1887.

When to use Life Preservers.

The weather was rough one day, and the ship was tossed wildly about. A person, who was on board, approached the Captain in a state of considerable trepidation, and inquired if there was any danger. The Captain referred him to the crew. The preacher worked his way to the fore-castle and found the occupants swearing at the weather with an emphasis that nearly paralyzed him. He returned to the Captain and reported that the danger must be great, as the men were blaspheming horribly. The Captain hastened to reassure him. He said: "If the crew are swearing it is all right, but when those fellows begin to pray you can put on your life-preserver."

Heard From Again.

"Ma, is it wicked to play marbles for keeps?" "Yes, my son; it is very wicked." "Willie Grim wanted me to play, but I wouldn't."

"That's right. I am proud that you had the courage to refuse."

"I told him I was wicked, and led to gambling, and he called me a booby."

"Well, never mind."

"Oh, I don't. I matched pennies with him and came out seven cents ahead."

Does a Hen Sit or Sit on a Nest?

A man, or woman either, can set a hen, although they cannot sit her, neither can they set on her, although the hen might sit on them by the hour if they would allow it. A man cannot set on the wash bench, but he could set the basin on it, and neither the basin nor the grammarian would object. He could sit on the dog's tail if the dog were willing, or he might set his foot on it. But if he should set on the aforesaid tail, or sit his foot there, the grammarian as well as the dog would howl. And yet, strange as it may seem, the man might set the tail aside and then sit down, and not be assailed by the dog or grammarian.

In Brief, and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this bad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

If it do nothing else the Pacific Railroad Investigating Commission now in session in San Francisco is developing for the public some interesting facts relative to the business of public carriers. This Commission is the creature of Congressional legislation, and consists of ex-Governor R. E. Pattison of Pennsylvania; David T. Little, of Illinois, and E. Ellery Anderson, of New York. From a statement made by the Controller of the Union Pacific Railroad it is learned that the following subsidies were paid to the Pacific Mail Steamship Company to keep up freight rates between New York and San Francisco. The several amounts paid by the railroad companies are as follows:

Union Pacific	\$1,263,746.93
Central Pacific	2,083,131.00
Southern Pacific	40,592.43
Altoona, Toledo and Santa Fe	56,397.79
Texas and Pacific	94,299.32
Burlington and Missouri river	41,507.51
Denver and Rio Grande	42,996.67
Pacific and O. R. & N. O. P.	100,000.00
Q. H. S. A.	112,488.11
Atlantic & Pacific	12,488.11

In other words, nearly \$5,500,000, as boodle money, has been paid by the railroad companies to the Pacific Mail Steamship Company. That through extortionate rates the railroad might systematically rob the people, it became necessary to buy off the steamship company. This would be of no special interest to the public did not the public have to pay for it. It is claimed by railroad magnates that the people cannot understand the mysteries of railroading; that it is a peculiar business; that it requires a life of study to understand it. Well, we should think so. But one thing is certain, and this is that the Pacific Railroad Commission and the Interstate Commerce Commission are developing facts that do educate the people. As these facts educate, they astound, they enrage the people, the beneficiaries of these public carriers. Whether or not the Interstate Commerce law serve the purpose for which it was enacted, it matters little. The defeat of the people's will can be but temporary. The people have asserted their right to legislate for corporations chartered by them, thereby establishing in this nation a principle that is eternal, viz.: that "the servant is not greater than his master."

The Summer normal school at Normal Park, Illinois, is conducted by Colonel and Mrs. F. W. Parker, well known in Reno as institute instructors. The school now has an attendance of between 300 and 400 pupil teachers, representatives from thirty-three States and two Territories. Outside of Illinois, Texas has a larger representation there than any other State in the Union. The methods of "the new education" as taught by these distinguished educators, are thus scattered far and wide. Dr. Deane, the leading member of the last San Francisco School Board, said here a few days ago that the good effect of the visit of these educators to this Coast last Summer is still very apparent in the public schools of that city. Their visit here, too, gave a healthier tone to our educational work; provoked discussions that will continue to evolve good results to the schools of Nevada.

Senator John H. Reagan, who last Spring "flopped over" from the Democratic party into the Prohibition party, is railing at Jeff Davis because the latter has recently expressed views antagonistic to the prohibition movement. Being shot at in front by arrows of patriotism and in the back by arrows of Democracy, must make his life in Mississippi very uncomfortable for the ex-leader of Southern armies.

Senator John Sherman is on his way to this coast over the Canadian Pacific railroad. Now that he is a pronounced candidate for President we shall expect to read by him numerous pro silver speeches and anti-Chinese interviews. For ways that are dark and tricks that are vain the wily John is peculiar.

Kentucky election news is slowly coming in and is fragmentary. The vote in Kenton county, in which Covington is situated, gives Buckner, Democrat, for Governor, a plurality of 600 over the Union Labor candidate, Bradley, Republican, runs 300 behind the Union Labor candidate. In Kenton county the vote for Governor has not yet been received, and there is a question still as to who is elected to other offices. Though the Union Labor party concedes the election of Newman, Democrat, for Representative, it is thought the Republicans have the county on the State ticket. In Lexington the Democrats have carried the city for the first time in 20 years. General Buckner's majority over Bradley is 88. Democratic gains of 141 in Boyd county, and 200 in Carter county are shown, though the Republicans carry both counties. In Fleming county White, Democrat, carries the State ticket by 200 majority. The candidate for Representative defeated by the Republicans by 600 majority. In Mercer county Phil B. Thompson (Dem.) is defeated for the Legislature by D. J. Carey (Rep-Pro.) by 200 majority. The vote for Fox (Pro.) for Governor in the county will be 400 or 500. Women were at the polls working in the interest of the Prohibitionist candidates. In Jessamine county there was much excitement and a very close vote. It is claimed that the Democratic candidate for the Legislature is defeated by a few votes. In Mason county there is a heavy Republican gain. In Grant county, which is the home of Bradley, the Republicans have 300 majority.

**LOUISVILLE, August 2.**  
The returns from yesterday's elections come in slowly from the State, but there is nothing to change the estimates of last night. Democratic ticket elected by 25,000 to 30,000 majority over Republican ticket, and will have plurality of 20,000 over all tickets.

**The Historic Lutheran Church Destroyed.**  
READING, Pa., August 2.  
One of the most terrific storms ever witnessed in this section passed over Stroudsburg, this county, last night and many fields and buildings were flooded. In the midst of the storm four vivid flashes of lightning were seen, which were followed by loud peals of thunder. Immediately thereafter the historic Christ Lutheran church, one mile from town, was discovered on fire and in an hour that beautiful church was in ruins. The loss to the congregation is \$20,000, insurance, \$6,000. This edifice was one of the landmarks in America. Its corner stone was laid in 1743.

**Earthquakes in the East.**  
EVANSVILLE, Ind., August 2.  
A slight shock of earthquake was felt here shortly after midnight. No damage done.

**St. Louis, August 2.**  
A slight shock of earthquake was distinctly felt here half an hour after midnight, but no damage done.

**Nashville, Tenn., August 2.**  
A light earthquake shock was felt here, passing from south to north, at 12:37 this morning. It shook several articles off a table in the police headquarters and woke up members of a company in the eastern part of the city.

**Terrible Fate of a Mother and Child.**  
SARATOGA, August 2.  
Mrs. W. P. Lisle, of Kingsburg, with two children, left on a train last evening for Glens Falls. When the train stopped at Port Edward Mrs. Lisle thought an accident had occurred, and attempted to jump from the coach to the platform. She threw one of the children first and then jumped after it with the other. The lady fell under the cars and received injuries from which she died, also killing her child. The other child was rescued by the engineer.

**Dissatisfied Knights of Labor.**  
PITTSBURGH, August 1.  
A meeting is to be held next Friday of the steam fitters of Pittsburgh and Allegheny, who are at present members of the Knights of Labor. They will withdraw from that organization and form a branch of International Assembly of Plumbers, Steam and Gasfitters. This will take about 500 members from the Knights of Labor in this section.

**Due to Carelessness.**  
ST. THOMAS, August 2.  
The coroner's jury in the railway holocaust of July 15, brought in their verdict this morning. The jury concludes the accident was due to the carelessness of the officials and employees of the Grand Trunk Railway Company. Conductor Spettigue was committed on a charge of manslaughter.

**Women Attendants on a Strike.**  
FULTON, Mo., August 2.  
The 15 lady attendants of the State Lunatic Asylum have gone on a strike. The Board of Managers lengthened the employees' hours so that they could no longer have evenings to themselves.

**The Treasury Fail.**  
WASHINGTON, August 2.  
Following is recapitulation of the debt statement issued to-day: Interest bearing debt, principal, \$1,000,000,000; interest, \$7,108,000; total, \$1,007,108,000. Debt on which interest has

ceased since maturity, principal, \$6,337,000; interest, \$105,885; total, \$7,342,885. Debt bearing no interest, \$601,300,125. Total debt, principal, \$1,674,061,000; interest, \$7,448,885. Total, \$1,681,509,885; less cash items available for redemption debts, \$361,143,703. Total debt, less available cash items, \$1,320,366,182; net cash in Treasury, \$135,608,594. Debt, less cash in Treasury August 1, 1907, \$1,274,583,542. Debt less cash in Treasury July 1, \$1,279,428,737; decrease of debt during the month, \$4,814,894; cash in Treasury available for reduction of public debt, \$261,143,703; reserve fund held for redemption of U. S. notes, \$100,000,000; unavailable for reduction of debt, \$26,803,845; certificates held as cash, \$22,658,219; net cash balance on hand, \$45,696,594; total cash in Treasury as shown by Treasurer's general account, \$456,304,361.

## Safe in Canada.

**CHICAGO, August 2.**  
A Daily News special from Wyoming, Ontario, says: McGarigle, the boodler, arrived at Wyoming at 1 o'clock Monday afternoon, having driven over from Sarnia, 16 miles. He stopped at the hotel G. A. B. when he took the train for London. He made no effort to hide his identity, and was recognized by both the conductor and brakeman.

**DEW'S News' special** from St. Catharines, Ontario, says: It is reported that McGarigle, acting on the recommendation of Dr. St. John, will arrive at St. Catharines to-day and employ the lawyer, F. K. St. John, to conduct the defense in case an attempted arrest and extradition is made. Lawyer St. John, who resides at St. Catharines, is a brother to the now noted Chicago physician.

## A Terrible Confession.

**CARON, Ohio, August 2.**  
John Beall, 13 years old, who has been in jail six weeks on the charge of killing his mother, has made the following confession: "On June 13th the boy was at home alone with his mother at the farm house, and about 4 o'clock he alarmed the neighbors by saying that three tramps had killed his mother, and that he was asleep but awakened in time to see them leaving with a watch and some money. The watch has since been found where he admits he hid it. He had shot his mother twice, then nearly beheaded her with an ax. It is supposed he was with the dead body three hours before giving the alarm. No motive for the crime is assigned, except that he was angry at his mother for not to be favoritism shown to his sister by his mother."

## Fatal Conflagration.

**LEADVILLE, Col., August 2.**  
A fire at about 9 o'clock this morning destroyed the cabin of Phillip Little, situated in California gulch opposite the American smelter. The burning building contained two sleeping babes. They were burned to a crisp. The father had gone to his work, and the mother was at a neighbor's. The children were aged, respectively, one and three years. Despite the efforts of many willing hands they could not be saved.

## Hot Weather East.

**NEW YORK, August 2.**  
Seventeen cases of heat prostration are reported in Brooklyn to-day; two in Manhattan. The statistics are reported in this city to-day; one fatal.

## WESTERN DISPATCHES

## An Order to Appear.

**SAN FRANCISCO, August 2.**  
The Pacific Railroad Commission presented a petition to the United States Circuit Court this morning asking the Court to issue an order requiring F. S. Dooty to show cause why he should not be required to appear before the Commission and produce the books, papers and minutes which he refused to produce yesterday, and to give evidence touching the matter in question. Judge Sawyer issued an order that Dooty should appear before him at 11 A. M. to-morrow to show cause why the order should not be granted, directing him to produce the said books and minutes. Judge Fies and Hoffman will probably sit on the bench with Judge Sawyer to-morrow.

## An Explanation.

**SAN FRANCISCO, August 2.**  
At this morning's session of the Pacific Railway Commission Senator Stanford explained his refusal to produce the books of the other companies than the Central Pacific by stating they were opposed by formidable legal forces, and that the books to be known to everybody.

## TELEGRAPHIC BRIEVITIES.

—Kalkoff, editor Moscow Gazette, died to-day.  
—A slight earthquake shock was felt in Nashville, Tennessee, passing from south to north at 12:37 yesterday.

—From 15 to 20 deaths from cholera are reported in Calcutta daily. The epidemic is spreading in the provinces.

—The reported Prince Ferdinand will start for Bulgaria to-morrow to assume office against the advice of his family.

—The New York Republican State Committee this morning selected Saratoga as the place of meeting for the Republican State Convention, and September 14th as the date.

—The State Convention of Maryland Prohibitionists has nominated for Governor Sumnerfield Baldwin, of Baltimore, and for Attorney-General James Pollard, of Baltimore.

—In House of Commons last night, Ferguson, Parliamentary Secretary for Foreign Office said the British Government was hopeful of obtaining a satisfactory settlement of the Canadian fisheries dispute at no distant day.

—It is stated that a company of American capitalists is negotiating with the Mexican Government for a concession to construct a canal through the Yagui River Valley. A million and a half of dollars will be invested in the enterprise.

—Mrs. Lillie Schlimmer, a sixteen-year-old wife, was brutally murdered by her youthful husband, Joseph, at Jersey City yesterday. The wife, according to an agreement with her parents would not leave her parental roof to live with her husband, which so angered him as to impel him to murder.

## The Three-Mile Limit.

A special to the New York Tribune from Boston dated the 29th ultimo says: Judge Charles Levi Woodbury, who has made a thorough study of the 3-mile limit in connection with the fisheries question, said to-day, speaking of the recent Gloucester seine-boat trouble: "We have had too much experience with the India-rubber capacity of the 3-mile limit, when stretched by Canadian authority, to place reliance on any of the impudent statements as regards sending the men home. It is stated that the crews of these two seiners have been discharged by the British Government from custody, and that the Collector objects to their being sent home in an American vessel. This resembles the case of the violation of the treaty of 1850 between Great Britain and the United States, and will undoubtedly receive the serious consideration of the President. It is one of those aggressive denials of equality of commercial intercourse which gave birth to the Acts of Congress of March 31st. It is another cause for retaliation. It would be hard to find any law of Canada to regulate fishermen, or, indeed, any custom or law which, by its terms, forbids an American Consul to send home fishermen on any of the impudent statements that he might choose to select."

## The Latest Version.

Virginia Enterprise: A man at Wells, Eastern Nevada, is on the war-path. A married lady stopped at his house over night and became a mother before morning. This considerably excited the citizens of Wells, but hardly had he done flying about on behalf of the visiting lady before his own wife began to make demands upon him in the same line. Again he rushed forth among the doctors and old dames, and after a hot war with them, he was announced to him that he was the father of twins. His wife had, in gamblers' parlance "seen" the lady visitor and had "gone her one better." The husband swears that hereafter no married woman shall enter his house unless she shall come armed with a written guarantee from some reputable physician. He says his wife is "so devilish ambitious" that should any woman stop at the house and give birth to twins, she would forthwith call upon him to father triplets.

## A Wall St. Man Cured of Scleritis by Alcock's Plasters.

"They" say Wall Street is a wicked place and that men occasionally have worse troubles than physical ones. Yet, relief from physical pain gives the broker a wider margin in that it leaves him a clear head. Eugene Rubinio, Stock and Bond Broker, No. 34 Wall Street, N. Y., says: "In 1881 I was confined to my bed by Scleritis. The pain not only went down my thigh, but affected my side as well. I suffered greatly, and after having been shut up for four weeks, determined to abandon doctors and their prescriptions, and try Alcock's Porous Plasters. I placed two on my thighs, one on my hip-bone and one on my side. I was completely cured in four days; and on the fifth day after the application was at my business in Wall Street."

## The Caledonia Picnic.

Quite a number of Renos contemplate attending the Virginia Caledonia picnic at Bowers' Mansion, New York, and some of them will contest for prizes offered. An enjoyable time is promised all who attend. Tickets for round trip, including admission to the park, only \$1.50.

## Needs That Germinate Quickly.

The human system is a fruitful soil, and among seeds that germinate most rapidly in it are those of rheumatism and neuralgia. A slight cold, brought by sitting in a draught, wet feet or damp clothes, or by exposure to other of those abominable painful maladies with unpleasant rapidity. The proper prevention of this agonizing affliction is Dr. Williams' Pink Pills for Pale People. It is a fine promoter of appetite and a capital tonic.

## The Old Folks at Home.

Or elsewhere, need a tonic now and then to sustain them under growing infirmities. No safer or more thorough invigorant for age and delicate can be found than Hostetter's Bitters, a seasonable medicine in its composition. It cures rheumatism—liver complaint, indigestion and bowel disorder; a pure botanical preparation, and a reliable means of counteracting rheumatism. To the convalescent it is a valuable aid in regaining strength and to the debilitated, nervous it yields tranquil slumber and renewed appetite—two great necessities of restoration of vigor. Being of purely botanical origin, it is free from those objectionable ingredients usually remedied difficult or impossible of assimilation by the system, and which impair the tone of the stomach, which the Bitters, on the contrary, strengthen and regulates. It is endorsed and prescribed by the medical fraternity.

## Syrup of Figs.

Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is nature's own true laxative. This pleasant California liquid fruit remedy may be had of Wm. Pinniger, Reno, Nevada. Large bottles at 50 cents or \$1. It is the most pleasant, prompt and effective remedy known to cleanse the system; to act on the liver, kidneys and bowels gently yet thoroughly; to dispel headache, colds and fevers; to cure constipation, indigestion and kindred ills.

## BRACE UP.

You are feeling depressed, your appetite is poor, you are bothered with head aches, you are drowsy, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spicing medicines, or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and leave you in worse condition than before. What you want is an alternative that will purify your blood, start new life in your system, and give you new health and strength. Such a remedy will be found in the famous Bitters and only 50 cents a bottle at S. J. Hodgkinson & Co's Drug Store.

## Unnecessary Misery.

Probably as much misery comes from bad constipation as from any other ailment of the human body, and it is difficult to cure, for the reason that no one likes to take the medicine usually prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., Proprietors, San Francisco.

OUR LITTLE SON WILL BE FOUR years of age on the 25th inst. In May, 1886, he was attacked with a very painful breaking out of the skin. We called in a physician who treated him for about four weeks. The child received little or no good from the treatment, the breaking out, supposed to be the physician to be alive in an aggravated form, became larger in patches, and more and more distressing. We were frequently obliged to get up in the night and rub him with soda in water, strong liniments, etc. Finally, we called other physicians, until no less than six had attempted to cure him, all alike failing, and the child steadily getting worse and worse, until about the 25th of last July, when we began to give him CUTICURA. A RESOLVENT internally, and the CUTICURA SOAP externally, and by the last of August he was so nearly well that we gave him only one dose of the RESOLVENT about every second day for about ten days longer, and he has never been troubled since with the horrible malady. In all we used less than one-half of a bottle of CUTICURA RESOLVENT, a little less than one box of CUTICURA, and only one cake of CUTICURA SOAP.

**RENO'S CRIMINAL RECORD.**

From July, 1896, to July, 1897—**RENO'S CRIMINAL RECORD.**

A GAZETTE reporter visited the office of Judge W. H. Young, Justice of the Peace, this morning, and gathered some valuable information concerning the morals of this community.

From July 1st, 1896, to July 1st, 1897, there were 588 arrests made. Out of this number 286 were taken in on charges of disturbing the peace while under the influence of liquor, and 147 for vagrancy, the two making a total of 433. Of these only about five per cent. are residents of Reno. The remainder came from all parts of the universe. There was at least one-half of the whole number "sent up," and the other half were permitted to escape the penalty of the law on condition that they skip.

This disturbing element does not flourish long here. The energy of Constable Upson, Night Watchman George Mershon, and Assistant Charles Harley quickly manifest themselves whenever any suspicious characters put in an appearance. They are encouraged by Judge Young, who says an "ounce of prevention is worth a pound of cure."

Reno being a great railroad center, it is visited daily by vagabonds and loafers from all parts of the world. They include every nationality. Reno undoubtedly suffers less from depredations on the part of this class than any other town of similar population on the Pacific Coast. For selling liquor to Indians, 25 arrests were made, fines following in every case. Forty when they were full of liquor—were pugilistic and ambitious to meet John L. Sullivan or Paddy Ryan, but were prevented by the diligent officers mentioned on giving free and noisy exhibitions on our public streets. Charges of assault and battery gave some of them thirty days to reflect over their foolish conduct. Nine were booked for opium smoking. Burglary enabled 17 more to accompany the others between the four walls of the jail, while six were taken in for assault to kill, added to which were seven for grand larceny and three for assault to do bodily injury. Petit larceny claimed 25 victims and malicious mischief three. Five were bonded over to keep the peace, and three restrained from fast driving. Two drummers were before the Judge for selling goods without license. Two arrests were made for forgery and satisfactorily settled, while the heinous crime of arson claimed one victim, who was accompanied to the County Jail by willing officers, and last, a citizen was arrested for permitting scabby animals to run at large.

Such a showing speaks well for the vigilance of the authorities, and reflects credit on the moral character of the bona fide citizens of Reno. There is no question but that such a summary application of the law will prove quite a barrier to the permanent residence in Reno of such offenders as are enumerated above.

**AN ELEGANT RESIDENCE.**

The elegant residence of W. D. Phillips in Powning's addition is receiving its finishing touches, and will soon be ready for occupancy. It looms up as one of the handsomest in these parts, being of the latest design in architectural beauty and painted a light green color with the window casings a dark red and having dashes of golden yellow. The three colors are tastefully arranged and blend nicely. The work was done by Messrs. Findley Cook and Walter Hastings. Each of the rooms of the structure has ornamental gas centers, and the door casings have handsome finishings. In style the house is Queen Anne and Eastlake combined. Three long narrow windows in the hall alongside of the stairway are of colored glass, and colored glass also adorns the tower. One of the prettiest features of the house is a large arched bay window on the southeast corner, off from the parlor. Architect E. J. Lewis and Mr. Phillips are the recipients of many compliments from those who know a substantial and handsome house when they see it.

**COUNTY AND TOWN MATTERS.**

At the meeting of the Board of County Commissioners yesterday afternoon the matter of passing an ordinance levying a license within the town of Reno came up for consideration, and upon a vote being taken the proposition was defeated. T. K. Hyman voting "aye," W. P. McLaughlin "no," and Wm. Merrill declining to vote.

The following claims, in addition to those published yesterday, were ordered paid: C. H. Stoddard, \$271.75; C. A. Thurston, \$23.40; T. Burch, \$10; T. K. Hyman, \$5; T. K. Stewart, \$25; J. J. Nicholson, \$10; W. L. Luke, \$142.38; John B. Williams, \$180; Horace Raynor, \$7.80; Peter Gilson, \$110; Wallace & Beebe, \$10; W. P. McLaughlin, \$25; R. Bergin, \$300.

General N. P. Jaques submitted a carefully prepared statement in relation to the necessity of all property owners, in making connections with sewers, to do so properly. The resignation of C. E. Carter, Constable at Wadsworth, was laid on the table.

**A HAND MANGLED.**

Lee Hawcroft, a boy about 15 years of age, yesterday had his left hand mangled by a saw in the Reno lumber yard. He tried to reach over the saw, used for cutting honey boxes, when he was caught by it. The second finger was split to the bone and nearly its whole length, and the thumb and first finger were also badly cut and somewhat mangled.

Glendale Hotel Property Sold. Phil Bauer has sold the Glendale Hotel property to H. O. Dauby, of Virginia City. Mr. Dauby proposes to build an addition to the hotel at once, start a grocery store, and have the Government petitioned to establish a postoffice there.

**JUSTICE YOUNG'S COURT.**

In Justice Young's Court this afternoon Thomas Evans, charged with selling liquor to Indians, was ordered to appear before a Grand Jury, with bail at \$500. John Short pleaded guilty to petty larceny and will receive his sentence tomorrow morning at 10 o'clock.

ARE YOU MADE miserable by Indigestion, Constipation, Bile, Loss of Appetite, Yellow Skin? Dr. J. C. Vinton is a positive cure. Sold by Osburn & Shoemaker.

**PERSONAL.**

Judge Rising is holding Court in Carson.

Major Gardner, of Carson, was in town last evening.

Hon. T. H. Rieck came in from the west last evening.

J. S. Shoemaker returned this morning from San Francisco.

Miss Ella Golger, of Virginia City, is visiting Mrs. R. H. Lindsay.

Senator Osburn came in last evening from a visit to Wadsworth.

L. Godchaux, the ranch and stock man, arrived from below this morning.

Mrs. Ed. Harris, of Washoe, and Miss Seaton, of San Francisco, are visiting Mrs. O. Perry.

The two Bosko Bros., commercial travelers, arrived from the Bay on this morning's overland.

George W. Mapes returned last evening from a trip to his ranch, some 50 miles north of town.

Dr. Le Roy, of the Hammam baths, San Francisco, passed west this morning on the overland.

Miss Mary Leonard, of Virginia City, passed through last night for Sacramento, where she will visit for several weeks.

Mrs. John Fitzgerald left this morning for a visit with her mother, who resides near Beckwith, Sierra Nevada, Cal.

Mrs. Jennie Fisher, who is a sister of Lieutenant Governor H. C. Davis, is a guest at the El Monte Hotel, Sausalito, California.

Mrs. Colonel C. C. Thomas, of Sutter, passed through here last evening to Belmont, California, where she will place a son in school.

W. S. Hobart, the mining man, came up from the Bay this morning, and left on the Virginia and Truckee express train for the Comstock.

Thomas Dunne, of San Francisco, brother of Captain P. J. Dunne, of the Internal Revenue office, came up from below this morning and went on to Virginia City.

W. Levy, of the proposed Palace Dry Goods House on Virginia street, left yesterday for Eureka. His brother, M. Levy, will leave on this evening's train for San Francisco.

S. E. Welch, (old Sam), who for the past five years has been keeping a restaurant at Truckee, arrived in town this morning and was cordially greeted by his many Reno friends.

Dr. Mayo Greenlaw, the dentist, left on this morning's Virginia and Truckee express train for Carson, where he will remain on professional business until Saturday. His wife accompanied him.

Mrs. Theresa Fair, the ex-wife of James G. Fair, and her daughters, Misses Tessie and Birdie, Miss Belle Smith, daughter of W. H. Smith, formerly of the Comstock, left Lake Tahoe for San Francisco yesterday.

Miss Carrie, daughter of Major John Crosby, of Virginia City, passed through Reno last evening to Oakland, where she will enter Mill's Seminary. The young lady graduated from the Virginia City High School last June.

**THE SECRET OF SUCCESS.**

Here is a shoe-shop. One man in the shop is always busy at work during the day—always industrious. In the evening he goes courting a good, nice girl. There are five other men in the shop who don't do any such thing. They spend half of their working hours in loafing and their evenings in dissipation. The first young man by and by cuts out from these others and gets a boot and shoe store of his own. Then he marries the girl. Soon he is able to take his wife out to ride on an evening. The five laborers, his former companions, who see him indulging in this little luxury, retire to a neighboring saloon and pass a resolution that there is an eternal struggle between labor and capital.

**MISFORTUNES NEVER COME SINGLY.**

A Mr. Heinrichs, of Virginia City, was a passenger for the Bay last evening, where he goes for surgical treatment. He had his foot crushed while working on the 1000-foot level of the C. & C. mine, and it is feared that amputation will be necessary to save his life. Two weeks ago the hand of one of his sons was shot to pieces, rendering it worthless. A little over a month ago Hugh, his oldest son, was killed in the Ophir mine, being pinched by a car which was followed by blood poisoning.

**MAHALEYS IN JAIL.**

The law against selling whiskey to Indians evidently is not enforced in Reno. Last night there were three drunken mahaleys put into the "cooler." It is bad enough to have drunken Indian men on the streets, but it is simply pitiful to see drunken Indian women staggering around and subjected to the jeers of thoughtless boys and street loafers.

**GOVERNOR TRITTE'S DAUGHTER MARRIED.**

The marriage of Eugene Jacard Spencer, of the Corps of Engineers of the United States, to Miss Katie Tritte, the only daughter of ex-Governor and Mrs. F. A. Tritte, was solemnized at the residence of the bride's parents at 7 o'clock Thursday evening by Rev. Dr. Dunlap, Bishop of the Episcopal Diocese of Prescott, Arizona.

**AN INDIAN SCHOOL BUILDING.**

Says the Virginia Enterprise: A school building for the young Indians is to be erected forthwith at the Pyramid Lake reservation. The plans have already been prepared. Leading Plutes never object to the education of their young people; on the contrary, they advocate and urge education.

**NO PLACE TO PLAY BALL.**

Hunting a Diamond Field. The boys complain that there is no good place in town to play baseball. Last year they played on the ground where is now the Advent church. Since this building went up the boys have found it necessary to hunt pastures new. Last Sunday they played in Evans' field, which fronts on Virginia street in the north part of town. A member of the old Typo mine said this morning that he did not think Mr. Evans would consent to the boys using this ground permanently. As no arrangements have been made with Mr. Evans for the use of the boys' new playground, the boys are now considered in the light of trespassers.

OFFICE OF C. M. FASSETT, ANALYST, 1105 6th St., RENO, NEV., June 26, 1897.

T. K. HYMERS, Esq., CHAIRMAN BOARD OF COMMISSIONERS, DEAN SMITH, Esq., CLERK.

In accordance with your request I have made examinations of three samples of water furnished by you, with special reference to such impurities as would render it unfit for domestic use, and beg leave to present the following report:

Sample No. 1 was taken from the river about ten miles above town, at the point where the highest ditch test supply sample No. 2 was taken from the main reservoir, four feet from the surface, near where the water used in the town is taken; sample No. 3 was taken from the Highland ditch just before it empties into the main reservoir. The following is a tabulated statement of the results of the tests made:

(In parts per million.)

SAMPLES.	NO. 1.	NO. 2.	NO. 3.
Free ammonia.....	.0478	.1522	.0478
Albumenoid ammonia.....	.0833	.3394	.0833

(In grains per gallon.)

SAMPLES.	NO. 1.	NO. 2.	NO. 3.
Total solids.....	5.828	6.784	5.828
Organic solids.....	.014	.021	.014
Mineral matter.....	4.112	5.833	5.814
Chlorine.....	Trace	Trace	Trace

The ammonia found indicates the proportion of contamination from animal sources to sewage, decomposing animal matter, etc., and in Nos. 1 and 3 is in small proportion as can be expected in a stream which flows through as many towns as the Truckee; while in No. 2 it is in three times the quantity as in the others, and above the limit of safety—fixed by most authorities at .05 to .10 parts free ammonia, and .35 to .50 parts albumenoid ammonia per million of water.

The second table shows the results obtained from careful evaporation of the water; drying and ignition of the residue from such matter is very small; the water of the Truckee is as free from deleterious matters, prejudicial to health, as water supplied to almost any city of the Union.

Impurities resulting from sawdust in the river front the town in the table under the head of "organic solids," but the results obtained show that the amount of such matter is very small; much less, indeed, than is contained in many natural springs, some of which carry five grains of organic matter to the gallon just where they bubble from the earth.

The comparatively large amount of total solids in sample No. 3 is accounted for by the fact that the water was taken from the ditch the second day the water was running in it, after it had been empty for a few days, the water naturally being turbid from fine particles of silt taken up from the bed of the ditch.

The samples all show an alkaline reaction, but so slight as to be immaterial; being less than one-tenth of the limit of safety, placed at an alkalinity greater than this produced by adding one part of

**BIG MEADOWS, CAL.**

An Attractive Resort for Tourists. Big Meadows, Cal., July 30.

Editor Gazette:—The Big Meadows, in Plumas county, Cal., are now the source of attraction to many tourists who flee to the mountains to escape the extreme heat of Summer. The air in the meadows is cool and refreshing, and the hunting good. Here we find now and then a bear in the adjoining hills. Deer are quite plentiful, as are also wild pigeons, quail, sage hen, grouse, etc., while the fishing cannot be excelled. Several large streams course through the meadows, on the banks of which many campers spend the Summer months. Boating is good, and, in fact, one may get into a boat and go to all parts of the meadows, which are ten miles long by as many broad. There are several hotels in the meadows, which comfortably accommodate all those who do not come to camp.

Excursions are quite frequent from the meadows to the Geysers, which are situated at the base of Lassen Peak, and to the summit of Mt. Lassen.

Among the prominent people at the meadows are Captain Young and family, of Sacramento; Daniel Bidwell and family, of Chico; Dr. Wasby, of Chico, and General Chipman and family, of Red Bluff.

Were the attractions and advantages of the Big Meadows better known, it is not improbable that they would be classed among the California's famous summer resorts.
